

Nebraska Dog and Hunt Club

“An AKC Member Club since 1945”

Memberships are as follows:

Participating: Individual Membership \$100.00

Family Membership: \$150.00

We are strongly encouraging our members to help contribute at this level. For this low price, you are entitled to use the Nebraska Dog and Hunt Clubs grounds for training and you will receive a regularly published newsletter. In turn, you are expected to work at least 2 days of one of our licensed events.

Non-participating: Individual \$200.00

Family Membership \$250.00

Non-participating member's financial contributions allow us to hire help for the licensed events. The increase in cost reflects the partial cost of hiring youth to work the events. Each year we seek out youth to help with the shortage of available club members to work. We count on the profits of these events to pay for the expenses the club incurs throughout the year.

The Nebraska Dog and Hunt Club welcome new members. We appreciate the individual levels that the various members are training for. Some members are training a hunting dog while others are training to compete in hunt test or field trials. We all work together for the betterment of the sport of retrievers. This club is open to membership for owners of retrievers, Poodles and Irish Water Spaniels.
