## Membership Renewal

Attached you will find a membership form for the 2011 calendar year. We again are offering some membership options. Individual Participating Memberships are \$100.00 and Individual Non-Participating Memberships are \$500.00. Family Participating Memberships are \$150.00. Only members will be allowed on the grounds from November 1 – January 31. No exceptions. We will not be allowing people to join the club after our last licensed event. This has been an issue in the past with members joining at a reduced fee with no opportunity to work.

Members will receive a membership card this year. This card needs to be kept with you whenever you are on the grounds training. On the back we have included the phone numbers of the local game warden and the sheriff. If you are on the grounds and someone is trespassing, we encourage you to call the sherriff. Trespassers will be prosecuted without exceptions!

TIME : 8:00 A.M.

CHAIRMAN:

SECRETARY:

We are always looking for new members who would like to get involved in an event in any capacity. This can be anywhere from secretary, marshalling, to Stake Captain, Captain of the guns, running lunches, to shooting the flier or throwing birds! We need you and want you to be apart of the club events. It is the profits from our licensed events that pays for the grounds and the maintence.

Members may take a person onto the grounds to train as a guest 2 times. This is not two times every year but two times total. This idea came as a means of allowing non-members to see if they would like to join the club and have the benefits of membership. **Guests are not allowed to hunt on the grounds!**

Please complete the attached form and return it with your yearly membership dues to the club secretary Heidi Henningson by March 15. Heidi's address is 12525 Main Street, Springfield, NE 68059.

## Grounds Maintenance

Last year we invested the majority of our profits into having the road graded and rocked! This was a welcome improvement to the grounds. Please stay on the roads and do not drive on the side of the roads when they are muddy. This only makes the area worse.

The grounds were mowed completely in the fall so they should be in excellent shape for spring training and our early licensed events. We plan to spray for thistles early this spring.

As always, we are committed to securing the future of the NHDC through the purchase or a long-term lease of property for use by the club and its members. If you should be made aware of land that might be what we are looking for, please contact one of the board members.

## Member Input

If you have any suggestions on how to improve the club, please contact one of the Board Members to discuss you ideas further. This is your club! We want and need you input!
